OK Metal Services is one of the leading manufacturer & exporter from India. The company is headed by a young and dynamic structure and supported by a Professional and competent staff, managing the administrative, production, financial and marketing divisions. All are working in an integrated manner to fulfil the company's objectives of producing superior product at most competitive prices.

All along the thrust area has been continuous development of new multi-faceted products range with high quality standards to meet the ever-growing needs of the customers.

Quality

Quality is of paramount importance to all of us at OK Metal Services. We have an Independent quality control unit which regularly conducts audits under the supervision of Quality controllers. For cutting down the cost of production without making any compromise to quality, latest automatic plant and machinery is used. The correct raw material from manufacturers of quality metals is used to give the best quality of products. We believe that quality is a never ending process.

Infrastructure

We, at OK Metal Services boast of world class infrastructure. We have auto copying lathes and CNC machines to design and manufacture accurate shape. We have well equipped sophisticated and ultra modern machines, using latest state-of-the-art technology. The production process is being undertaken as per the international standards. The experienced professionals and latest technology available with Keco has been the key to manufacturing economic and reliable auto parts.

Clients

Our list of client includes the world's largest Brands & their patronage is evident of our commitment towards the Quality Products and Customer Satisfaction.

QUALITY POLICY

We are committed to provide full customer satisfaction through the quality of products and good work ethics. Our strategy is to achieve the proper systems in working, continual quality improvement and cost effectiveness.

- » Outstanding - Performance with values
- » Keep - Keep our promises with our customers
- » Method - Follow a winning methodology
- » Status - Maintaining status of goodwill
